The TULANE UNIVERSITY of Louisiana

The School of Medicine, oldest in the University, was founded September 17th 1834, with Thomas Hunt of Charleston, S.C., then 26 years of age, as Dean.

The University in 1847 was officially designated "The University of Louisiana"; a Board of Administrators was appointed and faculties of Natural Sciences and Law added. During the Civil War the University was closed from 1862 until 1865.

Paul Tulane in 1883 made the first of a series of gifts to the University, and in the same year the present title was adopted, "The Tulane University of Louisiana".

A Manual Training School was established in 1884 from which developed the first Engineering School in the South.

Gen. E. W. C. Lee, President of Washington and Lee University and son of Gen. Robt. E. Lee, was awarded the first honorary Degree in 1887.

A generous gift to the University by Mrs. Josephine Louise Newcomb financed the founding of Newcomb College in 1885.

Except for Medicine and Law the University moved to its present site in 1890. The property for the present Newcomb Campus was purchased in 1890.

JAMBALAYA

FOREWORD &

Fifty years ago, one year after Tulane University moved to its present site, the first issue of the JAMBALAYA was published. Of the one hundred and eleven years of the University's history, no half century is comparable with the one just completed, during which the University has taken its place among the leading institutions of higher learning in the country.

DEDICATION

It is our purpose in this 1945 JAMBALAYA to present a kaleidoscopic view of Tulane during these years and of wartime Tulane as it is today. It is altogether fitting that this fiftieth volume be dedicated to all those who through the past half century have had a share in making Tulane what it is today.

A message from The President

This is the fiftieth yearbook of the students of Tulane University. Fifty classes have sought to preserve the memories of undergraduate days in the pictures of the JAMBALAYA. In that desire the undergraduate of today does not differ from the undergraduate of 1896. The world each class has faced has changed, but expanding frontiers in commerce, industry and science have challenged continuously the energies and brainpower of every class. The responsibility of protecting our social gains together with the opportunity of advancing frontiers in the social sciences as well as the physical sciences belong to the graduate of today. Such a task will challenge the utmost of our intellectual resources. To accomplish it the graduate must continue to be a student. In undergraduate days the individual lived in a state approaching the ideal—free of responsibility for his physical existence and finding mental stimulation and social companionship among his fellows and the scholars around him. The pleasures and joys of those days are recalled in this book. I hope that their recollection in the future will bring you to continued union with Tulane University.

The Tulane Alumni Association is a national organization which has become a salient factor in the progress of one of the South's oldest and greatest universities. Through it each alumnus is given an opportunity to serve and assist in the progress of the University. There are no membership dues. All graduates and former students of Tulane University are members of the association. During the past year the interests of the group have been devoted to those activities pertinent to the war effort. At present there are several thousand Tulane alumni in the armed services. Through "The Tulenian" and the "Tulanienne", alumni publications, they are informed of

university affairs and of the activities of their classmates and friends. The alumni office maintains constant correspondence with Tulanians who write in for news. A memorial plaque has been set up in the Tulane Library in honor of those Tulanians who have made the supreme sacrifice in this war.

The Tulane Alumni Association has been very active in the "Monk" Simons Memorial Swimming Pool Fund Drive. Through the efforts of its members substantial contributions have been secured toward the realization of a swimming pool at Tulane in memory of "Big Monk."

DR. WILBUR C. SMITH
Athletic Director

Tulane's third wartime year was marked by splendid success in the sports field. The University continued intercollegiate athletics in every sport and gave much emphasis to the physical education program. Tulane's Naval Unit proved a "shot in the arm" to every sport. Basketball got 1944 off to a flying start. The Wave finished second to Kentucky in the S. E. C. tourney and beat L. S. U. in four games. Baseball followed, and found the Greenies winning six of eleven games. Tennis and golf were other undertakings which went well. The Tulane tennis team came through a hard season with flying colors, winning four of six matches. The golf team duplicated the feat of the tennis team by winning its only two matches from the Ole War Skule. The track and field squad placed third in the conference meet, though it lost a dual meet to L. S. U. And the 1944 football season was one of Tulane's most colorful. The Green Wave ended with a record of four wins against three losses, but in victory or defeat Tulane gridmen turned in thrilling performances. A post-season check of the records showed the Greenies to be among the nation's most powerful elevens. The Tulane powerhouse averaged over 300 yards per game rushing, tops for the nation. And in addition to the established sports, Tulane athletes scored successes in other fields. Going in for wrestling, a student-coached team won the A. A. U. title and V-12 athletes gave Tulane a championship in the Servicemen's Track meet. Gilbert Roy won the 38th Jackson Day Run for Tulane. And 1944 brought up a host of new names to be added to the long list of famous Greenie athletes. Football provided W. A. "Dub" Jones, Leonard Finley and Joe Renfro. The cage game had Alex Athas and Ferd Lorio. Athas again shone in track. Golf furnished Charlie Rosen, and baseball entered Jack Pou, Hugh Taylor, and Ken Tarzetti.

CLAUDE "LITTLE MONK" SIMONS
Head Coach

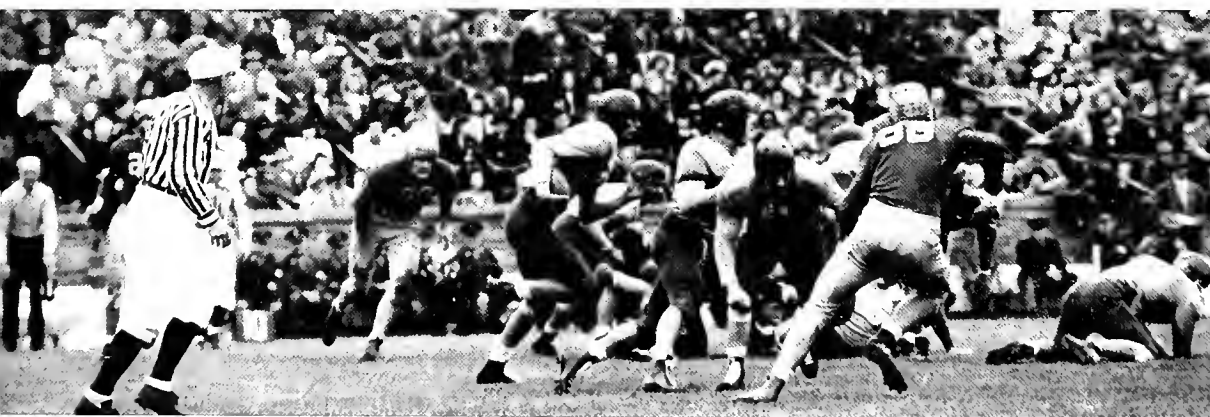

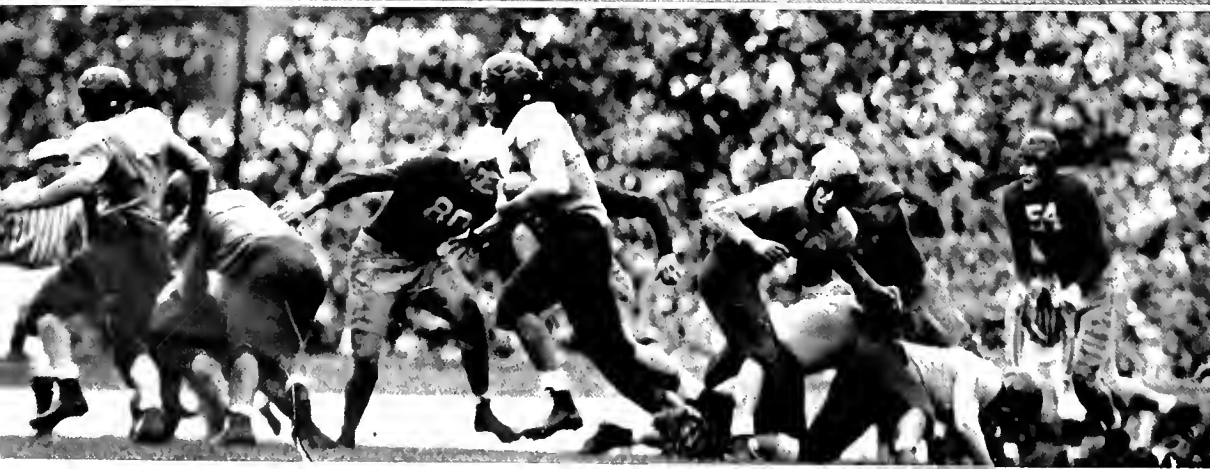

Coach "Little Monk" Simons opened his third season as head football coach faced by the Herculean task of preparing an inexperienced Tulane team for the mighty Irish of Notre Dame. The odds were great, but the young Greenies battled the Ramblers from the first to the very last whistle. They lost 26-0, but in the losing crowned their efforts with praise. "Dub" Jones' performance rated him as the No. 1 back on the field. And the Wave picked up 202 yards in making 10 first downs to 18 for the Irish. A hurried 46-hour trip proved a big handicap.

Top: Jones takes the ball with Robinson blocking. Center: Two husky Irish players try to stop the Wave. Bottom: The Greenies leave the field at half-time.

Top: Some fancy blocking gives the Wave a nice gain.

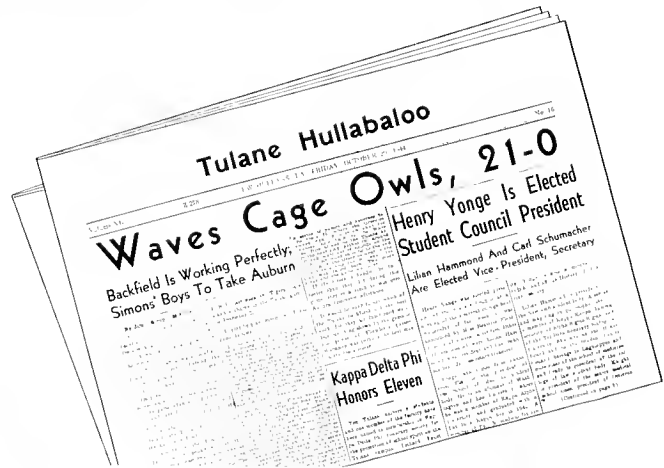

Bottom: Renfroe is temporarily out in the clear on the start of a long run against the Irish.

"DUB" JONES
Left Half

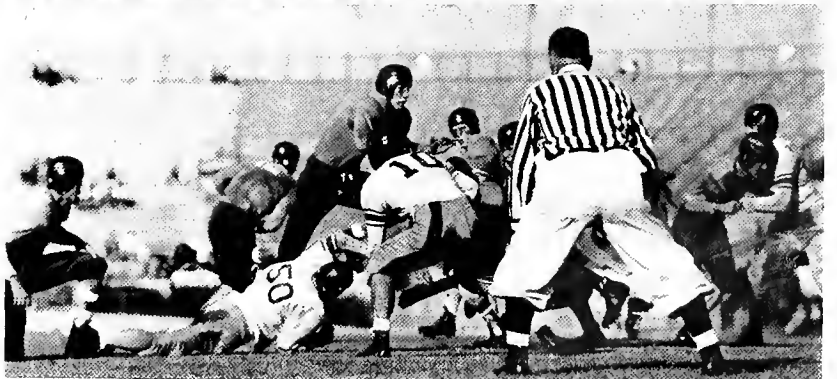

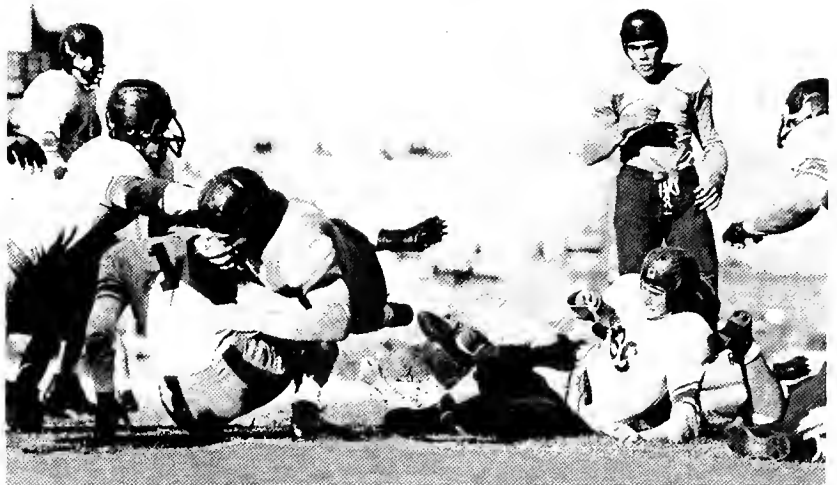

It's a wide end run against the Owls in the Tulane Stadium.

Tulane's true powerhouse rolled to a convincing 21-0 victory over Rice in the first home appearance. Since the Owls had finished up L. S. U. the previous week, a tough fight was looked for. But the Tidal Wave rolled full force to amass 360 yards in making 22 first downs to 7 for Rice.

Coach Simons kept the score down by playing his subs for experience in the second half. "Dub" Jones earned more glory with a 65-yard punt return, and freshman Marvin McCain earned himself a starting berth by his performance. "Numberless" Jim Randall had the fans raving with a thrilling last-period dash. Mighty Len Finley's defensive work and field generaling was a feature, while tiny Ed Hofman, smallest starter in the nation, teamed with Gaston Bourgeois for line honors. Other good performances were turned in by Sam Molloy and Ray Olsen at the ends. A high spot of the game was the showing made by the No. 2 Tulane forward wall.

LEONARD FINLEY
Quarterback

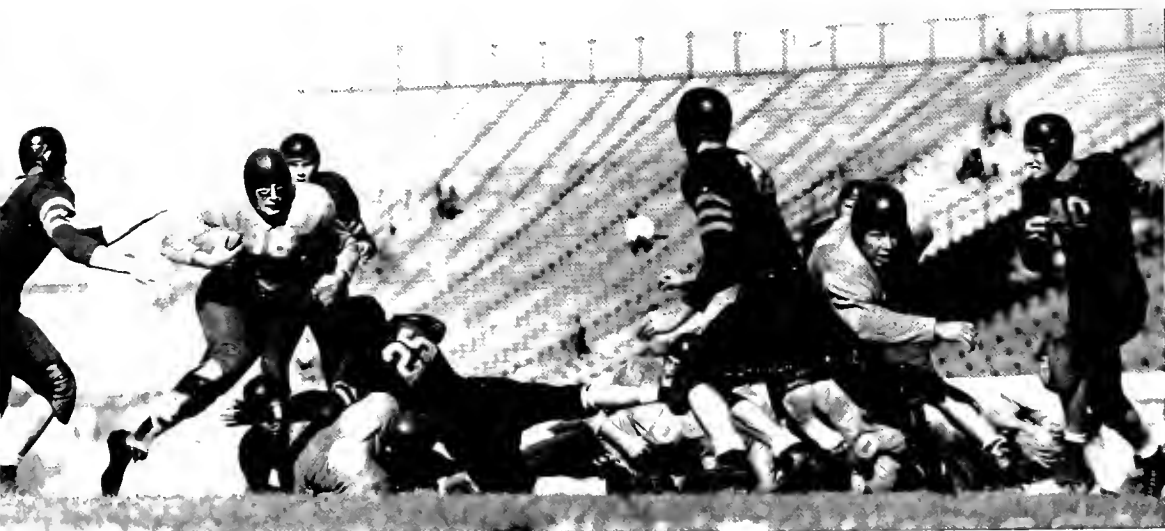

JOE RENFRO
Right Half

Returning to grid warfare, after a year's lay-off, a typical Auburn Tiger team lay in wait for Tulane and fought 60 minutes before being downed 16-13 in one of the most thrilling of all football games. After sub Jim Randall had dashed 45 yards in the closing minutes, "Dub" Jones' field goal gave the Greenies victory No. 2. Greenie power generated 394 yards and 16 firsts, but Auburn's Kuykendall kept the Tigers always in the game. Ben Ellender's passing was a feature.

Trainer Luchsinger helps Finley off the field after an injury in the Auburn game. Finley played a fine defensive game, and his loss in this game and those in the last of the season was sorely felt.

ED HOFMAN
Center

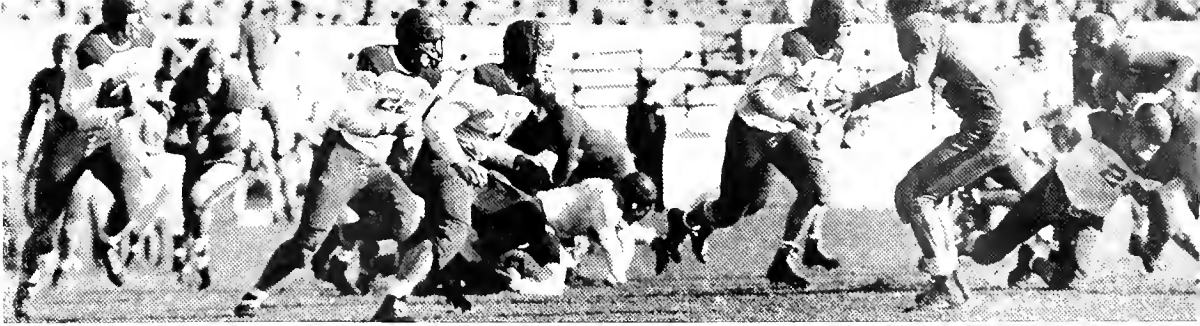

Top: Several would-be tacklers attempt to stop the Green Wave in motion.

Bottom: Only a handful of men remain on their feet, and although it's five Tigers against two Greenies, the Wave makes a substantial gain through the line.

HARRY ROBINSON
Fullback

Top: The Green Wave backfield advances toward the Mustang line to lead interference for a long right end run.

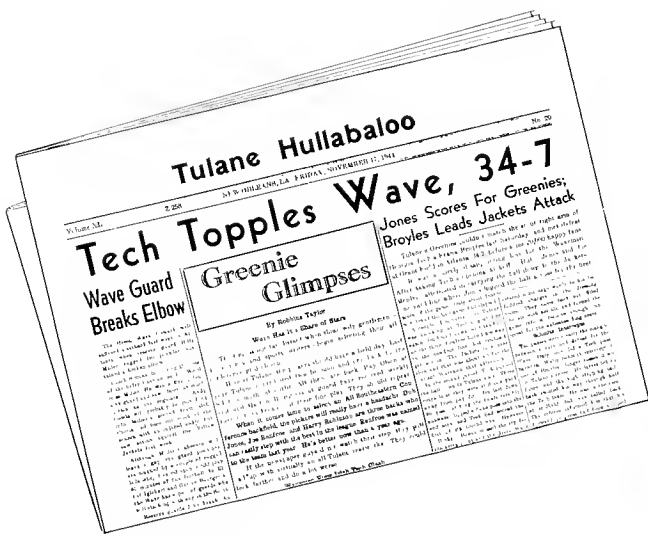

Bottom: Renfro punts from the Tulane goal line to play it safe against the S. M. U. Mustangs.

The Wave had to come from behind to turn back S. M. U., but Tulane power wrote in a lopsided 27-7 win. A record-smashing 88-yard run by Harry Robinson unleashed pent-up fury, which was turned on in netting 474 yards. The Mustangs couldn't cope with the versatile Greenie backs such as "Joltin" Joe Renfro, Marvin McCain, "Dub" Jones, and Robinson. This was the final game for 17 squadmen, including the irreplaceable Finley and Ellender.

Tulane's bid for national prestige was blasted by a Georgia Tech team that withstood an early "invasion" and came back to mop up by 34-7. The Greenies literally swept Tech from the field, scoring in the first few minutes and being stopped at the goal line a second time. After a half-time 7-6 lead, Jones went out and Frank Broyles with Dinky Bowen razzle-dazzled the Wave into defeat. The loss of Finley and others was sorely felt as Tech hit for four scores on passes. But the Wave gained 224 yards.

Pechon is stopped by four Tech men.

Harry Robinson carries the ball for a Tulane gain.

In a spectacular game of long runs and offensive play, the Greenies rolled through the mud to a 36-20 win over Clemson—the fourth of the season. Jones went for 78 yards, Robinson for 85, and Renfroe and McCain made other long TD runs to turn back an inspired Tiger eleven. The caravan of backs netted 533 yards in making 18 first downs. "Ike" Iglehart and Fred Roseman were aces in the forward wall.

Top: It looks like a touchdown. Center: McCain picks up yardage through the line. Bottom: Jones is off on a long end run.

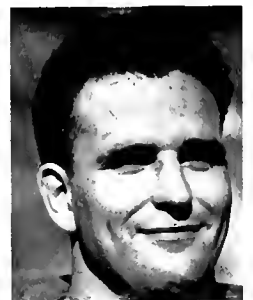

What would have gone down as one of the Green Wave's finest seasons was marred by an L. S. U. Tiger team that rose to the heights to battle Tulane off its feet and win a 25-6 victory. A hungry Tiger was seeking its second win of the season, and though they weren't rated a chance, the Bayou Boys came up with a superb effort. They made not one error, and an inspired line put the brakes on Tulane's powerful offensive. Y. A. Tittle struck through the air time and again, and was the difference in the two teams. After it had checked an early Green Wave drive, L. S. U. came into its own and wrote finis to a Tulane season of four wins and three losses.

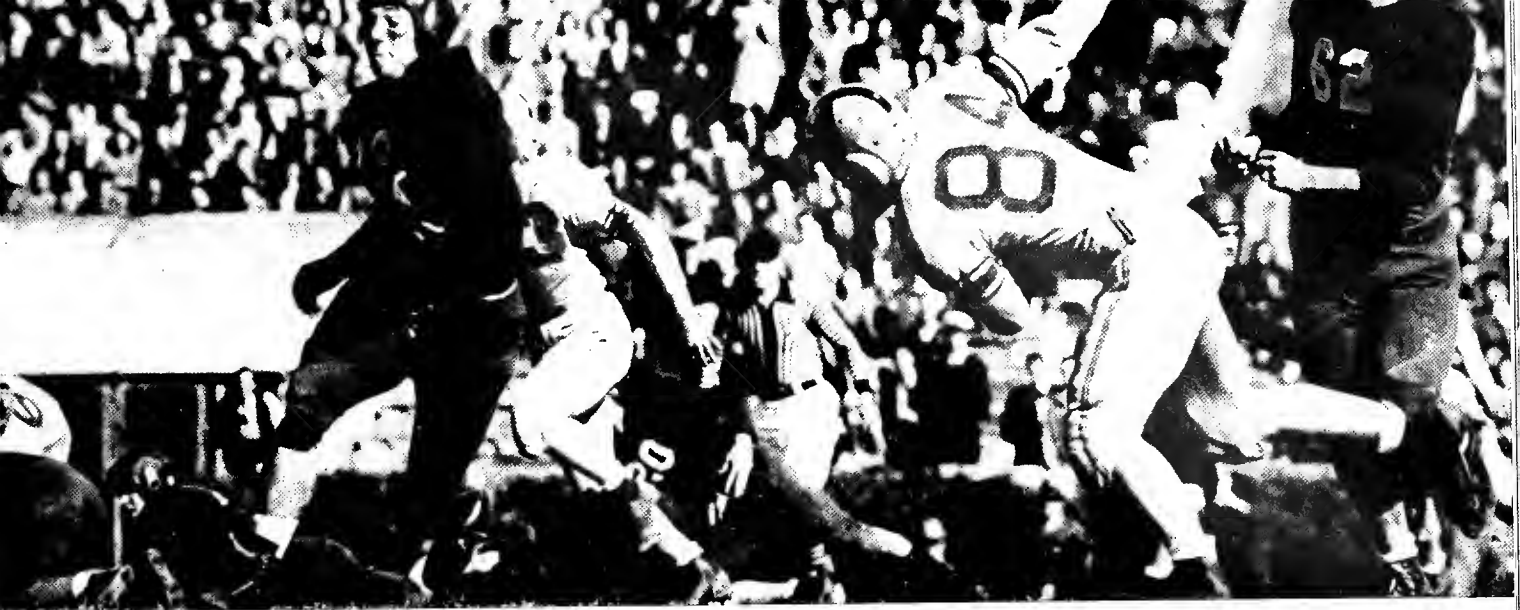

L. S. U. Action Shots. Top: L. S. U. is about to be stopped for no gain. Center: "Dub" Jones rips through the L. S. U. Line. Bottom: L. S. U tries left end.

Top: Out in the clear but for one man. Bottom: A beautiful spiraling punt, Joe.

A gymless Tulane basketball team, made up entirely of V-12ers, gave the Green Wave by far its best season in over a decade. Major triumphs were scored by this scrappy quint, which beat L. S. U. in all four games, finished second to Kentucky in the S. E. C. tourney, and won fifteen of twenty games in season play. Alex "Greek" Athas, pride of the team, tied the conference record by netting 28 points to lead an upset win over Georgia Tech. All games were played on "foreign" courts, which fact makes this record even more remarkable. The first team was made up of Athas and Ferd Lorio at forwards, Clyde Catha at center, and Ray Olsen and Bob Shearman at guards. Hugh Taylor was outstanding as a sub, and made second team All-S. E. C., while Athas and Lorio were

honored on the first "five." Coach Vernon "Lefty" Haynes, in his second season as cage coach, led the team to fifteen victories over every available service team in the vicinity, except for losses to such powers as Pensacola and Keesler. The Greenies played a spirited series with the local Y. M. H. A., and won two of three games. At the season's end, Tulane was a match for any competition. The Wave beat the Tiger in his own lair in two straight one-point victories, and then proved its superiority by two more victories here, the last game by 66-44. Tulane drew a first round bye at Louisville and then scored a smashing 66-55 surprise win over Tech with "Greek" going all out in a 28-point effort. In the finals with Kentucky, a high class Wildcat team turned back the gallant efforts of a fighting Green Wave, 62-46, but once again Tulane was a power in conference basketball.

The Greenie baseballers batted .545 in winning six of eleven games. The Wave and Tigers split even in a four-game series, and Coach Simons' boys turned in wins over Jackson Barracks, Lagarde, and the Armed Guard twice. They lost to a crack Keesler Field nine in two tilts. Previewing the season, the collegians gave the New Orleans Pelicans a rough time before bowing 7-5. Med student Jack Pou turned in some sparkling fielding around the keystone. Elongated Hugh Taylor was the ace of the mound corps, with Russ Lazenby listed number two. Ken Tarzetti, gangling first-sacker, and Ed Palmer led the hitting department. Pete Mailhes took over the team in June and entered it in the U. S. O. summer play.

Track

The track and field sport proved to be Tulane's most unsuccessful undertaking. With few talented veterans, the abbreviated season was a welcome feature. The Green Wave lost a pair of dual meets to the Tech Yellow Jackets and closed the season by losing a spirited meet to the Bayou Bengals. The Greenies were rated a chance to win, but after a hard and close fight the Tigers were victorious, 64 1/2 to 52 1/2. Tech took the conference meet with 90 points, L. S. U. was second with 65, and the Wave took third with 47. Alex Athas again gave Greenie rooters something to howl about as he copped 16 points and won top honors. Early in the season Tulane competed in the S. L. I. relays.

Tennis

Tulane's clay court racqueteers played as fine a schedule as could be arranged and came through a tough season with four victories and two defeats. The Green Wave was fortunate indeed to enjoy the services of one of its greatest tennis stars as coach. Lieutenant Ernie Sutter, brother of

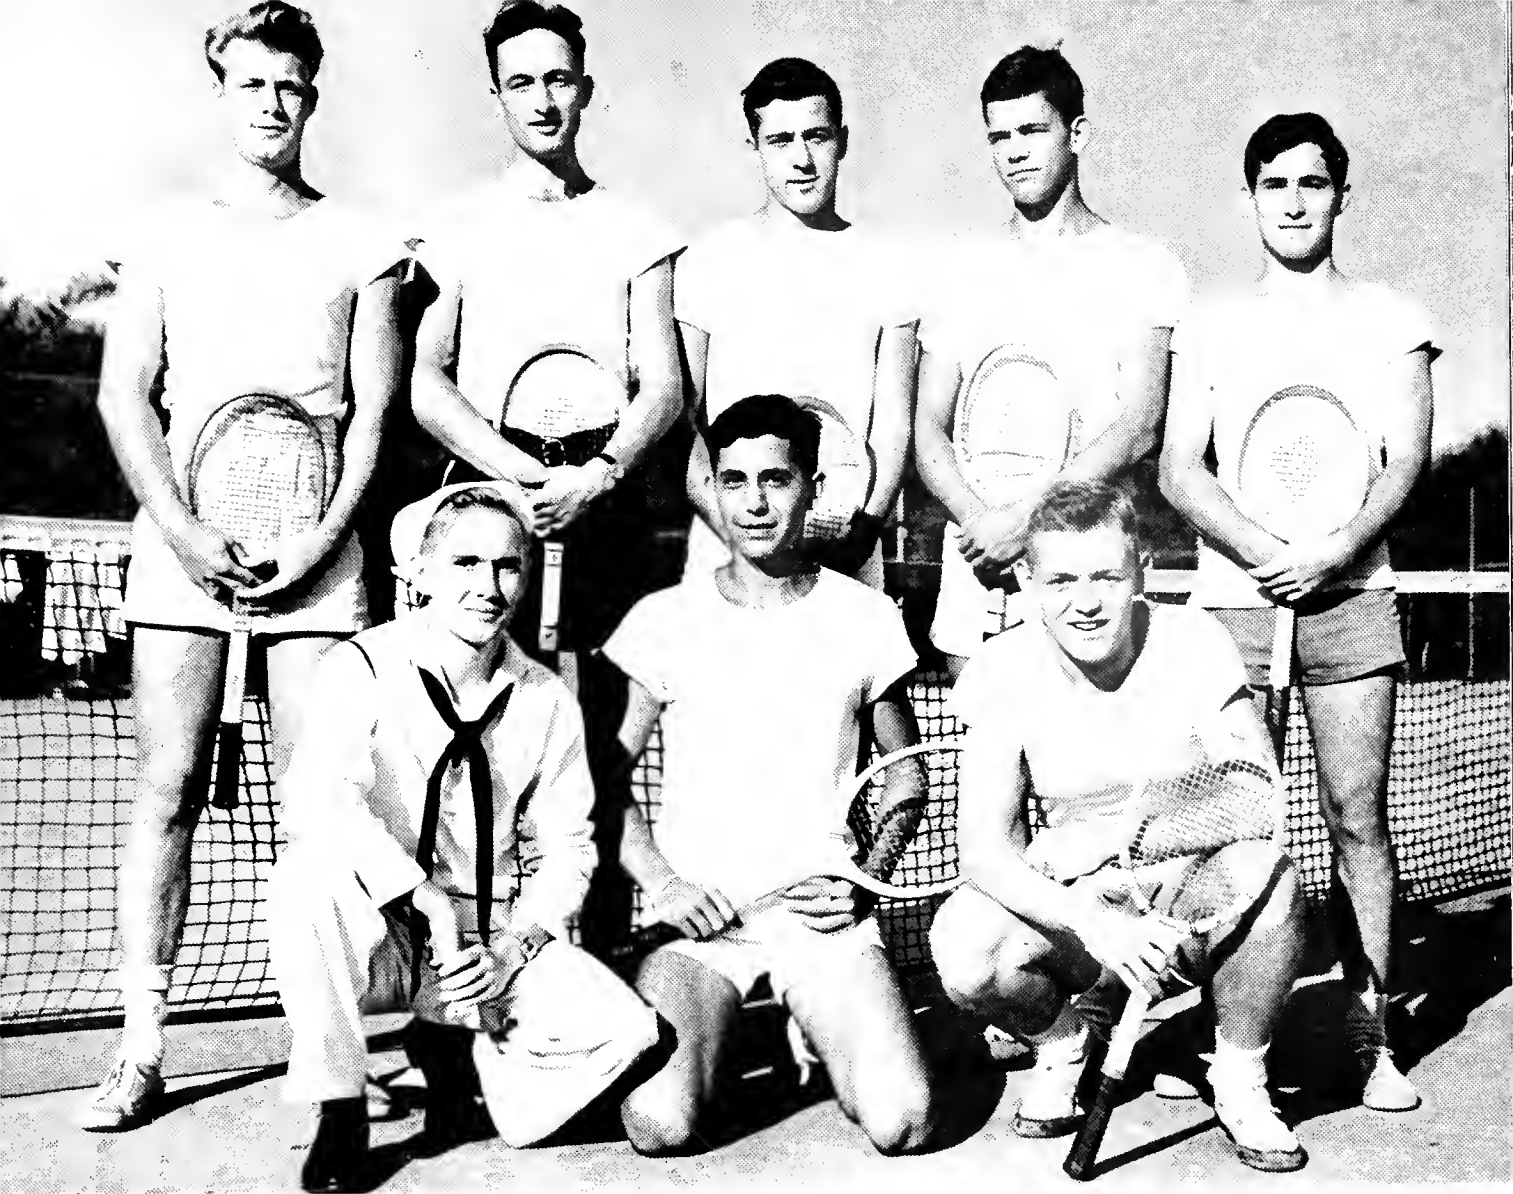

HARCOURT WATERS

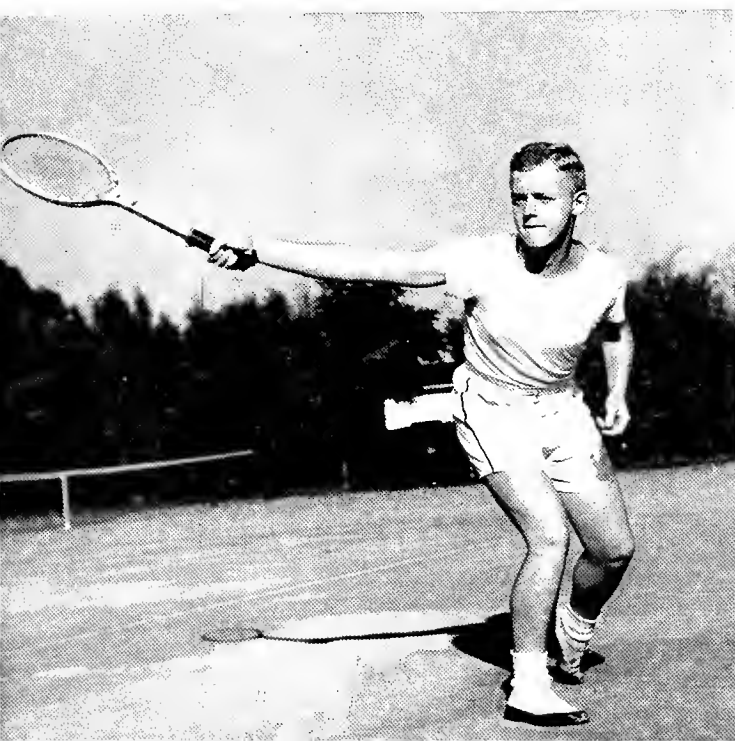

Cliff, and Southern Inter-collegiate champ in his own right, was the "informal" coach of the team. After being wounded in North Africa, Ernie returned home from the wars and took on the job as net coach voluntarily. In their first match of the season the Wave netters bested the N. O. Lawn Tennis Club 4-2, but in the second a veteran City Park team scored a 6-0 win over the Greenies. Starting college play, Tulane journeyed to Houston to score a clean sweep in six matches over Rice. L. S. U. was the next victim, taking not a match in six. But a fine Georgia Tech team kept up the Tech win streak by defeating the Wave 5-1. In the final match of the season Tulane beat the Tigers in Baton Rouge 5-1. The entire squad was made up of naval students and included Gary Albertine, Walter Russell, Paul Napolitano, Harcourt Waters, Adair Watters, Arnold Lefkovits, and Herbert Baker. Albertine was the team's No. 1 player throughout the season, while the other three players changed many times.

Golf

Coach Innes Millar's golf team took up the record-breaking streak which the cage team had begun early in the season. And they chalked up another first. The Greenie links team won not only its first match in history from the Ole War Skule, but twice defeated the L. S. U. sockers. Playing their first match of the season, the Wavemen beat the Tiger in its own lair, 10-8. Not an L. S. U. team since 1927 had lost a match on its own course. Then the Tulanians scored again by 12 1/2 to 5 1/2 in a match here at Auburn. The team's only veteran was diminutive Charlie Rosen, who captained the squad. During the season Charlie brought more honors to Tulane by winning the city golf championship. After a large group of hopefuls had started the season, Jack Bartlett, Wilmore "Buddy" Cox, Tom Bush, Karl Humes, and Rosen emerged as the team's No. 1 players. Millar's squad took part in several practice matches and had considerable success.

The most interesting part of the interfraternity competition on the campus is the Pan-Hellenic Sports program. The lead-off sport for the 1945 cup was swimming, and the results of the meet showed that several fraternities had an equally good start on the cup as far as amassing points was concerned. The next activity was softball, which was followed by bowling, basketball, and touch football. After these and several other events have been completed, the fraternity having the most points will be declared the winner of the cup.

SPORTS

Intra- Murals

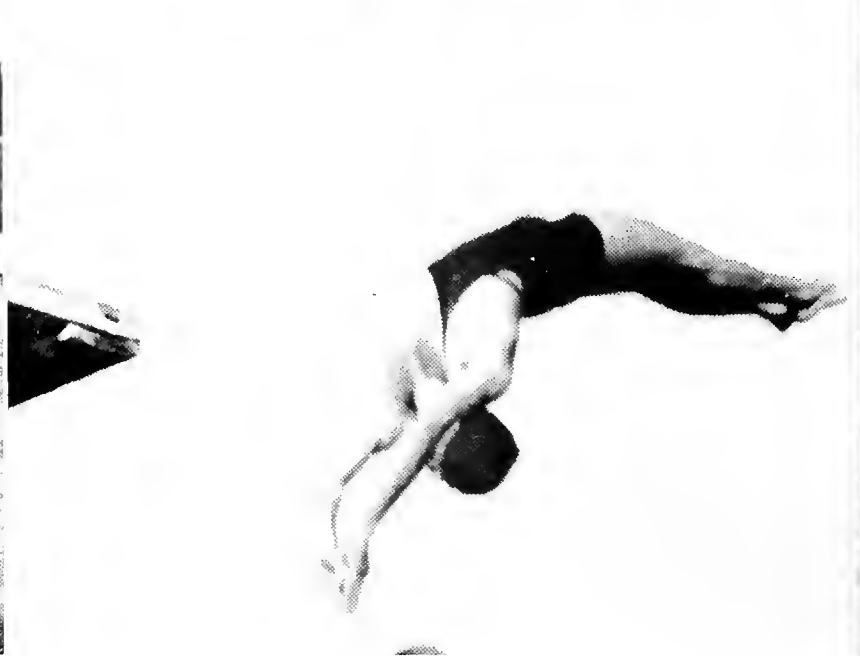

With the current three-semester, year-round school year has come to Tulane a much broader and more diversified program of intramural athletics. The physical training department has planned and carried out extensive activities

in the field of sports, for both the regularly scheduled classes and also free periods, during which many various competitions are held. Based around the sports attracting the most interest—that is, touch football, basketball, softball, and track and field—the intramural program includes also such sports as tennis, soccer, boxing, wrestling, and handball. An interesting sideline of this activity is the annual competition between the freshman and sophomore

classes for the Holmes' Cup. Each event is looked forward to with great anticipation. The events and when they take place this year are as follows: tug-o-war, December; touch football, January; basketball, February; track and field, March; softball, April; baseball, May; and swimming, June. The council members for the cup competition are the presidents and vice-presidents of the freshman and sophomore classes in Arts and Sciences, Commerce, and Engineering.

To the Ladies

The selection of the 1945 JAMBALAYA beauties and personalities was made by an entirely new system. Nominations for the beauty section were made by the submission by any student of the name of his or her nominee, and each nominee handed in a picture. Students of sophomore standing or above only were eligible. To handle the selection, a special committee was named, composed of the three highest JAMBALAYA editorial officers, the Student Council president, the Newcomb student body president, the JAMBALAYA business manager, two faculty members, and a naval battalion commander. Through an interview and three eliminations, the five beauties were selected. The same committee chose the personalities, whom they considered separately from the beauties.

Captain F. U. Lake

U. S. N. (Ret.), Commanding Officer

The Naval R. O. T. C. and V-12 units at Tulane have played a very active part in the life of the school since July, 1943. Up until November, 1944, the unit was composed of over eleven hundred trainees; however, at this time the Tulane unit, as well as many others throughout the country, experienced a thirty per cent cut. It still remains one of the largest and best, nevertheless. The Tulane unit undoubtedly has some of the finest and most capable officers on its staff, and can be particularly proud of the fact that its Commanding Officer, Captain Forrest U. Lake, was an instigator of the program and, incidentally, recently won a citation for his work. At the present time the future of the V-12 program cannot be known, but without question, its existence at Tulane University marks an important period in the history of the school.

Student government at Tulane is organized along simple and well defined lines. The University has manifested great confidence in the student body by giving the students free range in the direction and control of its own affairs. Each class in each college selects its class officers and in addition each college is governed by its student body officers. Each separate college has its own honor board composed of carefully selected students. The Student Council, the highest student governing body on the campus, is composed of the various college presidents, of which there are eight. The Student Council has the power to determine the policies of student government, to recognize and supervise all student activities, to interpret the constitution of the Associated Students of the Tulane University of Louisiana, and to allocate and supervise the expenditure of student fees.

LILIAN HAMMOND
President

The Newcomb Student Council is the executive element of the Newcomb Student Government Association. It is composed of officers of the association, the president of Honor Board, the presidents of the schools and classes, and the presidents of the more prominent activities on the campus. The other two elements of the Newcomb Student Government Association are the legislative element, the Student Body, and the judicial element, the Honor Board. Officers of the Student Council are: President, Lilian Hammond; Vice-President, Barbara Faulk; Corresponding Secretary, Betty Pourciau; Recording Secretary, Betty Berry.

NEWCOMB *Student Council*

NEWCOMB *Honor Board*

The Newcomb Honor Board is responsible for upholding the rules of Newcomb's Honor System, and for punishing any student who breaks the rules contained therein. Each student, upon entering Newcomb, signs a pledge before the Honor Board to abide by the rules of the Honor System. The Honor Board, in addition to its judiciary duties, supervises all elections, keeping the polls, counting the votes, etc. The officers are: President, Mary Stuart Kellogg; Vice-President, Adele Redditt; Secretary, Dorothy Eaves.

The Publications Board is composed of the editors and business managers of the JAMBALAYA and the HULLABALOO, two senior class presidents selected from any colleges of the University by the Student Council, the president of the Student Council, another representative from Student Council selected by its members, and a representative from Newcomb College. The chairman of the Board is the Student Council president, and the advisers are Miss Beatrice M. Field, Graduate Manager of Student Activities, and Mr. George E. Simmons of the Journalism Department. The Board elects the editors and business managers of publications and advises the staffs in all matters pertaining to the publications. This year's members were Leonard Finley, Henry Yonge, Charles Crady, Moreau Jumonville, Floyd Lewis, Bill Brownson, Murphy Moss, Parker Schneidau, Robin Ahrens, Fred Schwarz, Betty Granberry, and Warren Hugo.

1944 marked the beginning of a new "Hullabaloo." Just as the University itself experienced many changes in its rapidly accelerating wartime conditions, the "Hullabaloo" evolved both physically and in its administration into a different style composed of the many nuances introduced during the year. The most outstanding change was the reduction of the "Hullabaloo" format to tabloid size. Makeup, less conservative in style, became more of a black and white contrast, with the accent, as nearly as supply rationing and budget would allow, on pictures of campus life. With its allotment of eight tabloid-size pages a week, the staff was able to arrange the paper into sections, with an ad-less editorial page, a column page, one for features, and one or two sports pages. With these additions, there was more scope for originality in makeup arrangements. Under its new policy, the "Hullabaloo" became an expression of campus life. News was found everywhere—in classrooms, in campus conversation, in dormitories—and much of

it was featurized to add more interest and play of imagination. Campus opinion was given first place on the editorial page, as heated debates about everything from international problems to wartime corsages rose in the Letters column, The Forum, and Tulane Talk. The students themselves took an active interest in the publication through their contributions, suggestions, and irate but appreciated anonymous criticisms found in the "Hullabaloo" box. It was a Tulane paper—of, for and by the University itself. Run without outside censorship, it can, through its files, present a clear picture of Tulane, 1944. Faced with the problems of a constantly changing student roll, the staff was arranged on a revolving basis, with column, picture, and feature deadlines individualized to prevent an access of last-minute bedlam, and revolving columns which were the product of the entire staff rather than one writer. Reporters were arranged on revolving beats, making assigned contacts every week with eyes and ears open for news-angles that

might not be reported through other channels. Earnest in their endeavors, the staff worked as a unified assembly-line, despite holidays or exam schedules. For the first time, the "Hullabaloo" came out in fifty-one issues, vacationing only for the Christmas holiday, when neither Tulane nor Newcomb were in session. Another major innovation was the change in publishers. 1944 saw the "Hullabaloo" moved from a downtown printer to the University Press, where Mr. Huber and his staff took personal interest in "Hullabaloo" problems. More convenient in every respect, its greatest contribution was to "Hullabaloo" morale because it was now and for the first time completely a product of Tulane. Under the capable business management of Fred Schwarz, who had many employment difficulties, the

"Hullabaloo" broke all previous records for advertisement and circulation, as former Tulanians all over the world wrote in for copies of their school paper. The appointment of staff officers also set a new precedent when Robin Ahrens, the first junior to be appointed Editor-in-Chief and the third girl student to be assigned the position, was the first editor to be reelected for a second term. With Carl Schumacher, Jr., associate editor until November, and Sidney Pate, who succeeded him, staff positions were capably managed by Feature Editors Val Mogensen and Eve Anderson, and Newcomb Editor Iris McGlothlin, who, together with their large staff of reporters and columnists, contributed many of the valuable and original suggestions which effected the new revamped editions of 1944's "Hullabaloo."

Omicron Delta Kappa

FIRST ROW: Bertucci, Dastugue, Faust. SECOND ROW: Finley, Howell, Knight. THIRD ROW: McCaskey, Patton, Yonge.

The first chapter of O. D. K. was organized at Washington and Lee in 1914. The Alpha Zeta Circle was established at Tulane in 1930. The purpose of O. D. K. is to recognize men who have maintained a high standard of efficiency in college activities and to encourage their fellow students to strive for outstanding achievements along these same lines. The five standards for which members of O. D. K. are selected are recognized as follows: scholarship, athletics, social and religious affairs, publication and speech, and musical and dramatic arts. In addition to selecting outstanding students for membership in O. D. K., each year the fraternity honors faculty and alumni in "tapping" one or two of their group outstanding in campus affairs. Those selected this year were Dr. John M. Fletcher, professor of psychology in the College of Arts and Sciences, and Lester J. Lautenschlaeger, vice-president of the Tulane Alumni Association.

Kappa Delta Phi is the oldest honorary leadership fraternity on the campus, having been established at Tulane in 1904. Each year it selects from the Junior and Senior classes and Post-Graduate Schools, ten or a fewer number of new members plus a faculty member. Those men are selected who have been conspicuous for school spirit and for distinguished and unselfish loyalty and endeavors during their university careers. The function of this fraternity is two-fold. It confers membership to those signally effective and successful in promoting university spirit and advancing university enterprise. It likewise binds together these men in an organization dedicated to further endeavor in behalf of Tulane.

After almost two years of inactivity because of the heavy loss of members with the sudden war changes on the campus, the Greenbackers, honorary school spirit organization, was reorganized in June when Robin Ahrens, via the "Hullabaloo", called all old members together (four to be exact), elected temporary new members and officers, including Henry Dauterive, president; Ebb Munden, vice-president; and Robin Ahrens, secretary-treasurer. With Dauterive's transfer, Munden became president and Alan "Rabbit" Robinson, vice-president. The Executive Committee consists of Robin Ahrens, Sam Logan, Toby McCarty, Ebb Munden, Joe Rault and Alan Robinson. Their first contribution to the campus was the sponsorship of the weekly stumps, for the summer, which involved composing guest lists of Newcombites and future Newcombites to dance with Tulanians while Newcomb was on its summer vacation. With the coming of the football season, Greenbackers found itself faced with a long calendar of "musts" for any school spirit group. Taking part on the orientation program, they introduced the freshmen to the school and its spirit, getting them ready with cheers, and songs for the coming games. Bonfires were held before every home game, card displays attempted, and yell meets sponsored every Wednesday night just to keep up the excitement. One of the most outstanding campus contributions to the war effort was the Greenbacker Waste Paper Drive, under the chairmanship of Bob Merrill. Consisting of nothing but hard work and little glory, the committee's efforts were commended by Student Council for service to the University's war effort.

The Lagniappes is a student organization which originates, plans and conducts all student dances. An orientation dance began the past year's activities. A formal dance was given in honor of the Newcomb freshmen at the end of September. In December a University-wide dance with music by George Olsen's band, was the highlight of the season. On Homecoming Day a formal ball took place at the Tulane Room in honor of the Campus Queen and Court. Officers of the organization are: Bill Brownson, president; Parker Schneidau, vice-president; Dorothy Brunet, secretary-treasurer.

Tulane Theatre

The Tulane University Theatre, under the direction of Monroe Lippman, completed its seventh season with the hilarious Broadway success "My Sister Eileen," which was thoroughly enjoyed by a capacity audience. The eighth season opened with Robert Sherwood's comedy, "The Queen's Husband." The second production of this year was a stylized modern dress version of Shakespeare's "Macbeth." At the time of this writing the third production had not been announced. Director: Dr. Monroe Lippman; Officers: Deirdre Cramer, Executive Secretary; Fred Schwarz, Business Manager; Virginia Sidney, Librarian.

Kappa Sigs in

Night

About six Campus Night productions are presented during the year, all composed, directed and acted by the students. The first show, in the form of a welcome, is part of the orientation program at the opening of Newcomb College. Another show is usually part of the Alumni Day program. During the past year the theme of the spring production was the Show Boat, and in August, Campus Night was instrumental in bringing to McAlister Auditorium the broadcast of the Coca-Cola Spotlight Band program featuring George Olsen and his orchestra. A fraternity and a sorority night close the year's performances. Chairmen: Dan Abel, Betty Morphy, Parker Schneidau. Performers, The "Tulanians", with Pete Mahler, Dan Abel, Dick Cockrell, Penny Bobo, Lucie Lee Abramson, Bob McCroskey, Betty Blain Lyle, Minnette Starts, Betty Ruth Davis, Pat Tobin and Medical Sextet, Steve Loyacano, Leonard Claret, Edward Bryan-Turner, Jim Davidson, The Tumblers, Emmet Holbrook.

The Delta Sigs give out on Fraternity Night with a touching epic.

The Band

The Tulane University Band, composed of Navy trainees and civilian students, has carried on a successful season. The band has been on hand for every home football game and made a trip to Baton Rouge for the Tulane-L. S. U. game. Two formal appearances at McAlister Auditorium concluded the year's program. Officers: Robert Owens, president; Richard King, vice-president; Seymour Dreyfus, Secretary.

MAYNARD KLEIN
Director of Chorus.

The Tulane Glee Club is composed of approximately fifty members who, during the past year, presented programs designed to make the leisure hours of the V-12 boys worthwhile. The members participated as a group in "Trial by Jury" and "Pinafore," the Festival Choir, and in the annual Choral Festival Concert, as well as giving their yearly formal concert. The club is interested in promoting community singing on the campus at meetings of the Student Body. Officers for this year have been: John Thomson, president; Fred Stull, vice-president; Jimmy Gentry, secretary.

THIS NEWCOMB GROUP LIVES UP TO ITS NAME

Newcomb Glee Club

The Newcomb Glee Club is composed of approximately 150 girls whose only prerequisites for membership are love for and interest in singing, and attendance at rehearsals. Each year the girls sing for the Christmas Memorial Service, present at least one formal concert, and act as the nucleus in a concert with the large Festival Choir. The officers for the past year were: Marcia Hathaway, president; Eleanor Kidd, vice-president; Azaleigh Maginnis, secretary.

Under the direction of Mr. Maynard Klein, the A Cappella Choir is composed of a select group of fifty singers chosen from the students, faculty, and alumni of Tulane and Newcomb. This honorary group is made up of the best voices to be found by audition. This organization, which confines itself to the more difficult and unusual choral masterpieces, enjoys a national reputation. It has appeared on programs for the Music Education National Conference and, in addition, has broadcast over several national radio hook-ups. The president for the past year was Patricia Tobin.

The Opera

Scenes from Gilbert and Sullivan's "Trial by Jury" and "Pinafore."

One of the busiest organizations on the campus this past year was the Student Opera Group. Its first production of the season was "Trial by Jury" and "Pinafore," the seventeenth Gilbert and Sullivan presentation to be given by the group.

Dr. Maxwell, Director of the School of Music, acted as artistic director, while Maynard Klein acted as general director. Later in the year, the group, under the same direction, will present "Beggar's Opera," famous 18th century ballad opera.

Joint War Forum—Glendy Burke Meeting.

War Forum

Informality is the main feature of the Tulane-Newcomb War Forum. Its weekly meetings, which are held in the easy-chaired Student Center in the winter and in the air-conditioned Library in the summer, are attended by students of all colleges, faculty members and interested people of the community. The Forum's topics are introduced in about fifteen minutes by a speaker, who is usually a faculty member, though at times he may be an "authority" or a student. The speakers and topics are selected by the student-faculty War Forum Board, a student member of which leads the discussion as a moderator.

NEWCOMB

International Relations Club

The purpose of the International Relations Club is to instruct and enlighten student opinion in current events.

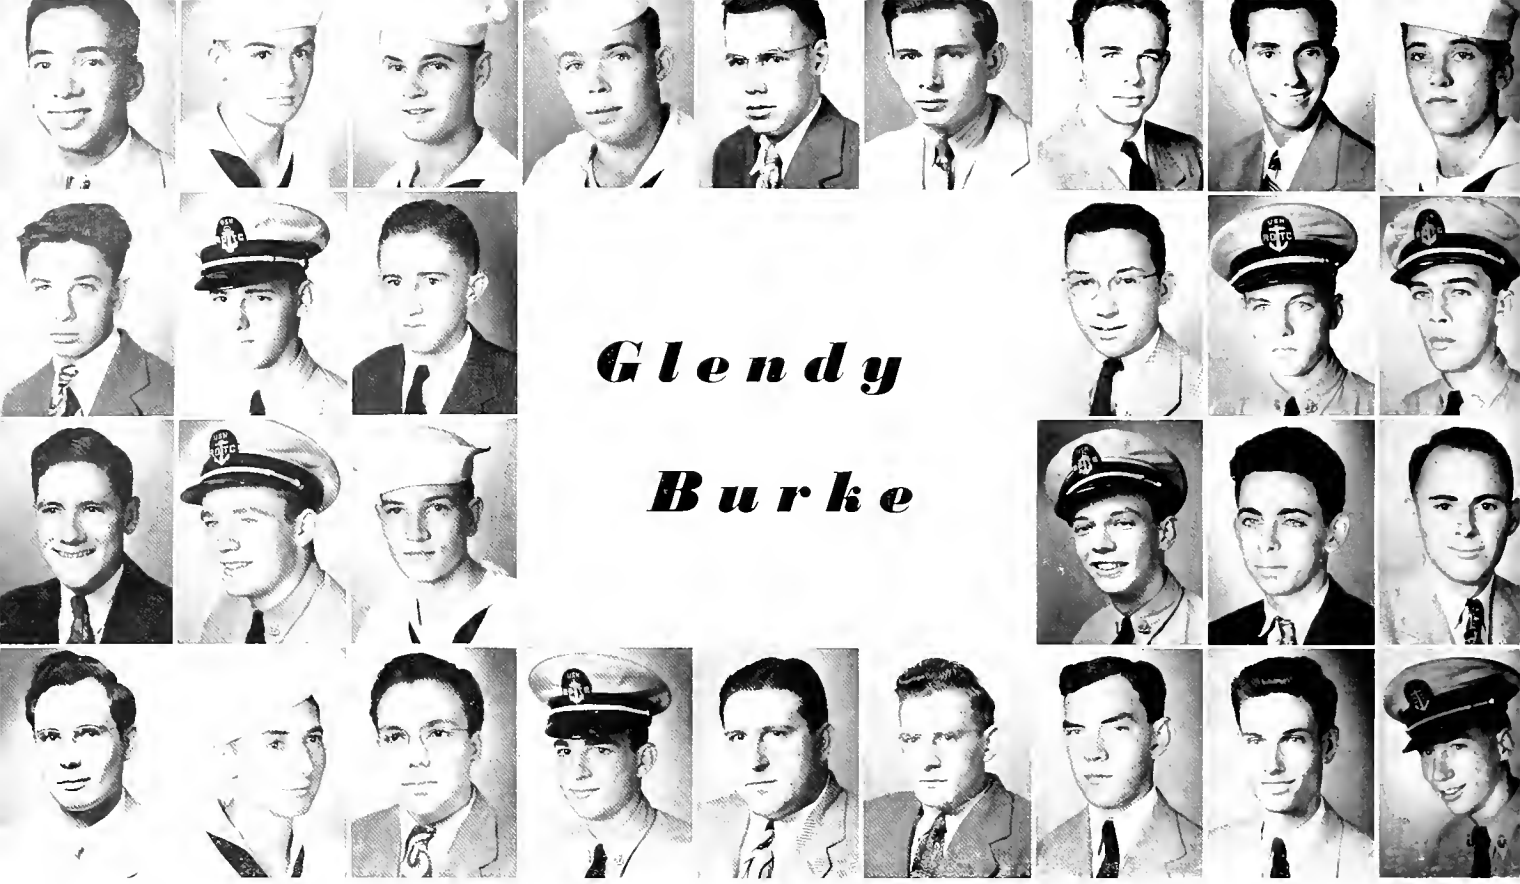

The members endeavor to accomplish this by becoming acquainted with the political ideas of the participants of this World War and by ascertaining our own war aims.

They are assisted in this aim at Newcomb by the Student Lecture Committee. Membership entitles a student to use all books furnished the club by the Carnegie Peace Foundation. Officers of the Organization are: Jo-Ellyn Levy, president; Betty Goldstein, vice-president; May Hyman, secretary-treasurer.

A senior honorary society, Alpha Sigma Sigma was organized at Newcomb in 1916 for the purpose of promoting school spirit and loyalty among the Newcomb students. Each spring, those juniors who have exceptional qualities of leadership, citizenship and character are elected to membership. At the beginning of each school year Alpha Sigma Sigma participates in the freshman orientation program, and late in the year it organizes the freshman handbook classes for instruction in the policies of the Newcomb Student Government Association. Also the president of Alpha Sigma Sigma holds the freshman class meetings for the first quarter until they elect their own president. The 1944-45 president of the society was Jonnie Horn.

It is particularly appropriate that Louisiana, famed among American states as a civil law jurisdiction, should be the home of one of the world's outstanding journals of civil and comparative law. It is the oldest law review now published in the State of Louisiana, and its accumulation of legal materials has become one of the fundamental research sources for Louisiana lawyers and for scholars of civil and comparative law internationally. The Review has a Board of Contributing Editors composed of famous scholars in civil and comparative law from various parts of the world; a Board of Advisory Editors, headed by Mr. Monte M. Lemann of New Orleans, made up of many of the leading lawyers of the State; a Board of Alumni Editors constituted of former student members of the Law Review Board who are expected to contribute material. The bulk of the exacting and time-consuming work of the Review is contributed, however, by the Student Board of Editors, with the direction and assistance of a faculty adviser and the members of the faculty. This Student Board is composed of the honor students of the College. Law review work is universally recognized to be of unique and unusual value in the training of a student for the law. During the war the personnel of the Student Board has been reduced from an average of twenty members to an average of six or seven. The fact that the Review has continued publication during this critical period has been due to the capable and unselfish devotion of the few who have borne the heavy duties and responsibilities. The appreciation of the Law School and the University is due all the members of the Board for their joint achievements and particular credit is due Dorothy Dowling, Editor-in-Chief for 1944-1945; Marjorie Lynch Jackson, Editor-in-Chief for the June, 1944, issue and Katherine L. Brash, Civil Law and Statutory Interpretation Editor for 1944-1945. No mention of the organization would be complete without reference to Miss Stein, the secretary who, during many years of devoted and efficient service has been a substantial factor in the successful progress and increase in prestige of the Tulane Law Review.

The Moot Court system in the College of Law is especially designed to train students in the preparation and argument of cases. It is this practical aspect of the legal profession toward which the efforts of the competition are directed. Technical training in research, brief-writing, and forensics—the ordinary tools in the trade of a lawyer—form the foundation of the Moot Court work. The Board is composed of students who are chosen for their high degree of scholarship. The work of the Board members is to prepare the facts to be argued, to sit as justices on the Supreme Court of the State of Tulane, and generally to supervise and administer the Competition. In the academic year 1943-1944, the Moot Court Competition was won by Thomas Collens and Aurelio Alba.

The Oak Leaves was founded at Tulane University in October, 1944, as the organization of the Naval trainees who are following the Supply Corps program in the College of Commerce and Business Administration. The name is derived from the Oak Leaves Insignia worn by a Supply Corps officer of the Navy. The organization holds semi-monthly meetings for discussion of common problems and for the showing of appropriate Naval training films. Social events are featured approximately once a month and group tours to points of interest about the city are arranged more frequently.

Alpha Phi Omega was founded at Lafayette College in 1925. Gamma Upsilon chapter was established in 1941. It has 100 active chapters—one in every major university in the country. It is a national service fraternity and is composed of students who desire to direct their energies and talents toward the benefitting of their fellow man. The purpose of the fraternity is to assemble college men in the fellowship of the Scout oath and law, to develop

friendship, and to promote service to humanity. Some of the activities of APO on the campus during the past year include the sponsoring of a blood donor drive which saw 193 students contribute to the Red Cross Blood Bank during one month, assisting the TUT in student ticket distribution, ushering at a football game, aiding the Alumni Office in Mailing the TULANIAN, and the establishing of a campus touring committee.

History of

The History of Medicine Society of Tulane University was founded during the academic year of 1933-34 due to the interest and efforts of Gordon Holcomb, Gus Dawson, and Bernard Weinstein. At that time, all the papers were presented by guest speakers or members of the faculty. Three years later, the plan of having student members alternate with faculty members in presenting papers was adopted. The annual banquet is the scene for the presentation of membership certifi-

cates to new members and the presentation of awards. Among these are the Rudolph Matas Award for the best student paper of the year, and the I. I. Lemann Award for the best student discussion of a paper during the year. New members are elected from the freshman class near the termination of the academic year. Basis of selection is scholastic standing, interest in the History of Medicine, faculty recommendations, and vote-in by members of the Society. The officers

are President, Gene Usdin; Vice-President, Lyall Howell; Senior Secretary, Sam Logan; Junior Secretary, Richard Levy; Treasurer, Will McCall; Executive Committee Chairman, Billy Patton.

Tau Beta Pi

The Tau Beta Pi association was founded at Lehigh University in 1885 by Edward Higginson Williams, Jr. Louisiana Beta was established at Tulane in 1936. The purpose is to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America. Officers are Alanson J. Arnold, presi-

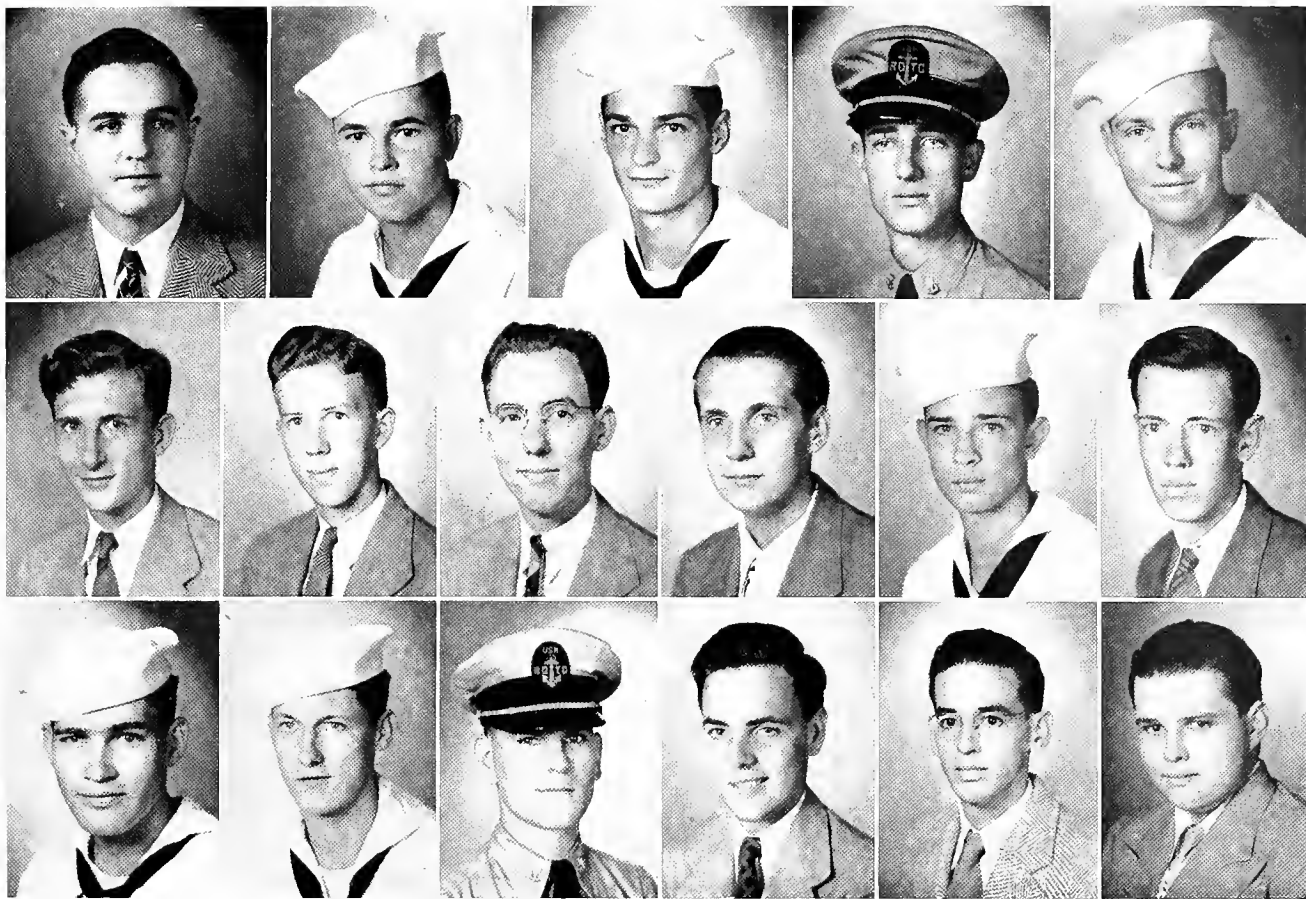

dent; Charles Weatherly, vice-president; Bernard V. Baus, recording secretary; and William C. Johnson, corresponding secretary.

The Alpha Tau Chapter of Alpha Chi Sigma was organized at Tulane in the spring of 1928. The objects of the fraternity are: to bind its members with a tie of true and lasting friendship; to strive for the advancement of chemistry both as a science and as a profession; and to aid its members by every honorable means in the attainment of their ambitions as chemists throughout their mortal lives. In its efforts to further

the aims of the fraternity the Alpha Tau Chapter sponsors every year two chemistry essay contests, one in the public high schools and one in the freshman chemistry class. It also has initiated a safety program in the Chemistry Department, and manages a display case in the Richardson Memorial Chemistry Building.

Engineers' Technological Atelier

The Engineers' Technological Atelier was founded at Tulane in 1936. The purpose of this organization is to coordinate more closely the students in the various branches of engineering. Election to the organization is on the basis of interest shown in the school and popularity among the students. Some of the activities sponsored by the E. T. A. are: "Engineers' Day" at the football game the "Engineers' Forum," and the Engineering School's "St. Patrick's Day" dance which has become an event for the entire University. The officers are: Gus Perrin, president; Harcourt Waters, vice-president; Joe Rault, secretary-treasurer.

The organization was founded at Tulane in 1913. Its purpose is to supplement classroom work, encourage interest, promote fellowship, and provide social contacts with each other and with the faculty.

The Tulane University Branch was established at Tulane in 1936. The organization strives to advance knowledge of the theory and practice of electrical engineering and its science by supplementing the formal courses of instruction with the presentation of technical papers and the visitation of points of engineering interest; and to bring the students in closer professional and social contact with each other, with the faculty, and with practicing engineers. Projects involving experimentation and research are particularly encouraged. The officers are: Seymour Cambias, chairman; William Willig, vice-chairman; Alan Pincus, secretary; and Arthur Regottaz, treasurer.

The Tulane Society of Civil Engineers was inaugurated at Tulane in 1944. It was founded to replace the Student Branch of the American Society of Civil Engineers whose charter was relinquished because the activities of the chapter were retarded by the war. The purposes of the organization are: to develop a professional attitude in the students, and to help them in their work by bringing them in contact with experienced men in their profession. It is composed of seniors, juniors, and sophomores in the School of Civil Engineering and carries on its work through lectures and trips. The officers are: President, James Hassinger; Vice-President, Andrew Whitman; Secretary-Treasurer, Richard Barton.

Y. M. C. A.

The "Y" is non-sectarian, and participation in its activities is open to every student in the University. It is governed by student officers and an appointed cabinet. The Easter Sunrise Service, sponsored annually by the Tulane Y.M.C.A and the Newcomb Y.W.C.A, has a definite place in the religious life of New Orleans. The success of the 1944 Blood Donor drive was due partially to the interest taken in it by the Y.M.C.A. The "Y" cooperates with all organizations and agencies that will aid the student in living more richly and fully, both in the future and while he is at the University. Members of the Cabinet are: Guyton Watkins, William Bethea, Gordon Heffron, Murphy Moss, Albert Pons, Joe Rault, Clarence Snelling.

The 1944 Easter Sunrise Service was held in Dixon Hall because of bad weather.

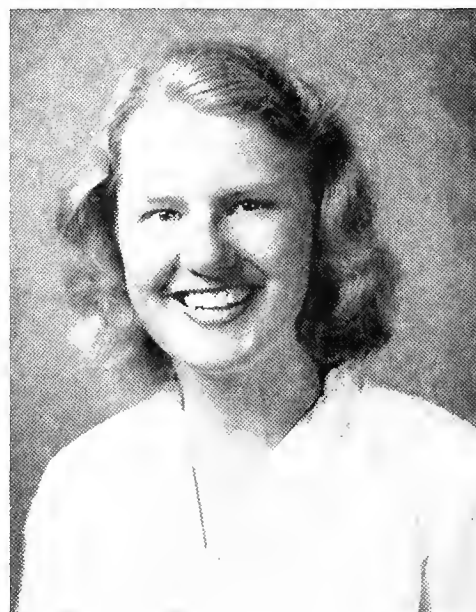

FIRST ROW: Anderson, Cafiero, Fulham, McCarty. SECOND ROW: McFaul, Sewell, Smedes, Vallas.

Any Member of Newcomb College is eligible for membership in the Y. W. C. A. Meetings are held twice monthly, one a business meeting and one a recreational or social service meeting. Some of the interesting meetings have been those to which members of the Tulane "Y" were invited. Topics of common interest are discussed in open forum. The "Y" plays an important role in Freshman Orientation Week as well as in other activities throughout the year. The officers this year were: Elaine McFaul president; Betty Vorbush, vice-president; Maria Louise Fulham, secretary; Jeanne Marcoux, treasurer. Members are: Elizabeth Aijian, Lysten Albrecht, Evelyn Anderson, Dixie Batty, Shirley Bell, Evelyn Blust, Ruth Boulet, Betty Brock, Betty Browne, Beverly Bruff, Catherine Cafiero, Audrey Cali, Rose Chin, Beverly Clerc, Joy Cohn, Bertida Compton, June Conravey, Cynthia Cooke, Mary Crain, Margaret Crossan, Margaret Cuneo, Elodie Diodine, Katharine Douglas, Barbara Drackett, Jean Eddy, Charlene Edwards, Valerie Edwards, Vivian Eigenbrod, Merle Fischer, Ellen Freeman, Maria Fulham, Maria Garcia, Mary Gautreaux, Ruth Goebel, Sophie Goldenberg, Mary Gonia, Betty Gray, Deryl Hamilton, Joy Harper, Anna Hover, Jean Howell, Patricia Hunter, Mary Jackson, Fannie Kyker, Harriet Lang, Frances Liddell, Rommie Jean Liddell, Toby McCarty, Elaine McFaul, Mary Moss Madison, Betty Magee, Jeanne Marcoux, Carmen Martinez, Jacquelyn Noell, Helen Overton, Doris Pierson, Helen Rault, Charlotte Reynolds, Mary Reynolds, Alma Reiss, Margery Rose, Marianne Sewell, Betty Smedes, Paula Smith, Lou Stanfield, Lorraine Steidtmann, Dean Stinson, Marilyn Taylor, Mabel Todd, Betty Vallas, Betty Vorbush, Natalie Walker, Adine Wallace, Julie Wilson, Carolyn Winling, Allie Wyler, Jerry Wyler.

The Baptist Student Union is a connecting link between the Campus and the Church. We seek to grasp and preserve the values of each, and to unite the intellectual with the religious in such a way as to produce the Maximum Life. In this era of rapid change, we seek to grasp the vitality of Christianity, and to interpret our faith in a way that will be pertinent to the needs of the day. Our program includes promotion of the activities of the Churches of New Orleans, Campus Religious Meetings, and a social program of variety and color. The Baptist Student Union welcomes those who share these ideals with us.

Canterbury Club

The Tulane-Newcomb Canterbury Club was organized in May 1944. It is a member of the National Association of Canterbury Clubs which had its beginning at New York State Teachers College in 1918. The Canterbury Clubs have been organized nationally to serve in aiding in the extension of Christian endeavor and fellowship in college life. All Episcopal students attending Tulane and Newcomb are eligible for membership. Clearly defined aims are set forth in six fields of activity which include Prayer, Study, Service, Giving, Evangelism, and Unity. Among the projects undertaken since its reorganization was the opening of a Service Center at Christ Church Cathedral to provide recreation for servicemen at Tulane, the establishing of a lay readers group, and the sending of delegates to the Episcopal College Conference

at Louisiana State University. Officers: Fred Schwarz, president; Harriot Phelps, vice-president; Janet Wall, secretary; Dick Evans, treasurer; Student Worker, Hallie Townes.

recreation, such as a Hobo Hike and Cocoa Convivial, as well as a variety of speakers and forum leaders have aimed to develop a supporting group engaged in Christian living. The Wesley Foundation at Tulane has made also some concrete contribution toward a new world order through its participation in the Methodist Student Fellowship Fund.

The Tulane University Wesley Foundation represents The Methodist Church at work in this college community, seeking to provide for the spiritual, moral, and social needs of students. Its objectives include the following: (1) to lead students to become followers of Jesus Christ and into a vital, personal relationship with God; (2) to develop a supporting group in which individuals will mutually strengthen one another in Christian living; and (3) to help create a new world order embodying Christian ideals and conserving the highest human values. From its organization in September, 1944, the Wesley Foundation at Tulane has sought to develop techniques for achieving these goals. Personal counseling and specific encouragement of private devotions have sought to develop meaningful personal religion. Wholesome

The Westminster Fellowship of students is the Christian faith at work in the lives of students in institutions of higher education, who are members of or have given a preference for the Presbyterian Church as a channel of Christian expression. Organization, program emphasis, and varied service and social activities are the means whereby the Tulane-Newcomb group of Presbyterian students seek to experience and express vital, victorious Christian living through Jesus Christ. Every Thursday afternoon at five o'clock the Westminster Fellowship meets as a group for practical and inspirational thought and fellowship. The officers are: Bill Thomas, president; Gayle Baldinger, vice-president; and Charlotte Reynolds, secretary-treasurer.

The twelve sororities at Newcomb are united under the Pan-Hellenic council, to which each group sends two representatives. To them falls the task of making and enforcing rushing rules. The Council plans the intersorority athletic and stunt competitions. The Newcomb War Bond Booth has been run successfully for the past two years by Pan-Hellenic. This organization gives sorority life a purposeful meaning and promotes good feeling among the groups. the Campus. Each fraternity selects two of its members as representatives to the council, but each fraternity has only one vote on all matters. The purpose of the Pan-Hellenic Council is to bring about a deeper understanding among its members through the promotion of closer relationships. This is largely accomplished by the sponsoring of intra-fraternity competition in scholarship, sports, and the Campus Night productions. A formal Pan-Hellenic dance is given annually in the Tulane Room. The officers for the July semester were: Jimmy Gibert, president; Alan Robinson, secretary. The officers for the November semester are: Troye Svendson, president; Floyd Lewis, secretary. The faculty adviser is Dr. Thornton Terhune.

In Appreciation

AS the pages of this fiftieth JAMBALAYA go to press we feel that we have completed a pleasant task. That our efforts may be comparable with the fine work of the JAMBALAYA staffs of the last half century is our sincere hope. It has been our aim to incorporate in this volume Tulane as it is today, and to suggest the accomplishments and progress of the years spanned by the annual publication of the year book. To mention by name all those to whom we are indebted for the success of this Jubilee JAMBALAYA is impossible. We are grateful to that first staff which began the JAMBALAYA and to all the other staffs who have continued their efforts by presenting an annual record of each successive year. We thank all those who have in any way contributed to the production of this fiftieth volume, and hope that we have succeeded in bringing together a description of the year which will evoke happy memories in the years to come.

**THE MIRACLE
That Has Become a Habit**

Isn't it strange about electric service . . . the better it is, the less people think about it! The light in your lamp, for example. When you turn it on it doesn't occur to you that light won't be there instantly.

Electric power can't be "stored" in tanks like oil or gasoline. A "fresh batch" must be in the making constantly—it is produced as it is used. You can't have MORE electric power until you have more giant turbo-generators to produce it. It takes three years to get delivery on one of the 275-ton giants! We know . . . we've installed a new 40,000 horsepower unit ordered early in 1941 . . . a \$2,860,000 addition, together with the other heavy equipment and facilities necessary for its operation.

In this business being ahead of time stood us in good stead when war came. Every call from war industries and the military forces has been met promptly and in full, without inconvenience to another single customer.

It's a record we're proud of—one we hope always to maintain. We're glad we COULD plan and build ahead—that this is a country where men can use their brains and time and money to anticipate the future. Let's keep it that way!

of College Annuals

The TULANE UNIVERSITY of Louisiana

The School of Medicine, oldest in the University, was founded September 17, 1834, with Thomas Hunt of Charleston, S.C., then 26 years of age, as Dean. The University in 1847 was officially designated "The University of Louisiana;" a Board of Administrators was appointed and faculties of Natural Sciences and Law added. During the Civil War the University was closed from 1862 until 1867. Paul Tulane in 1883 made the first of a series of gifts to the University, and in the same year the present title was adopted, "The Tulane University of Louisiana." A Manual Training School was established in 1884 from which developed the first Engineering School in the South. Gen. G. W. C. Lee, President of Washington and Lee University and son of Gen. Robt. E. Lee, was awarded the first honorary Degree in 1887. A generous gift to the University by Mrs. Josephine Louise Newcomb financed the founding of Newcomb College in 1887. Except for Medicine and Law the University moved to its present site in 1890. The property for the present Newcomb Campus was purchased in 1890.
